

**REQUEST FOR PROPOSALS
EXTERIOR SECURITY CAMERA SYSTEM
FOR HAWAI'I CONVENTION CENTER**

ITEM NO.	DATE OF QUESTION / RESPONSE	QUESTION / RESPONSE
Q-01	6/27/2022	Who will be doing the trenching work for the cameras near the street
		The Contractor will be responsible for any trenching work
Q-02	6/27/2022	Can there be visible conduit for the cameras
		Yes. Contractor should consider minimal visual impact as possible. Contractor to obtain HCC approval.
Q-03	6/27/2022	Do we have to pull a permit for this work? If so, do you have any existing plans that we can use for the permit application.
		Permits are to be determined by the Contractor based on design build proposal. Electrical plans are available.
Q-04	6/27/2022	Can we use a different video management system and cameras other than Avigilon?
		Yes, as long as proposed system can work seamlessly with current Security Camera System
Q-05	6/27/2022	I am assuming that we can use existing fiber/copper infrastructure. Please confirm.
		Yes
Q-06	6/27/2022	Please confirm that HCC will make sure that existing AC power in the planter and or the grass along the perimeter will be available for the new camera system.

		Contractor is responsible to provide power from the closest electrical panel.
Q-07	6/27/2022	Do you want a separate video workstation and monitor in the security office and/or in any other location to view and playback video.
		The intent is to view the new exterior cameras on the existing workstation and monitor.
